Sumner Killed Near Salinas; Wife Injured

Well-Known Resident
Who Served Baptists
Crushed in Auto

Fatal traffic accidents in many California areas over the week-end left among others a Redwood City man dead in Salinas and a San Francisco girl dead in San Mateo county.

A. V. Sumner, 55, of 874 Cleveland street, was instantly killed in a collision at noon Sunday on the Prunedale highway 10 miles north of Salinas.

His wife, Mrs. Rosa Sumner, 56, was badly hurt, suffering a broken left leg, broken left arm, and numerous cuts and bruises. She was taken to the Salinas Valley Hospital.

CRUSHED BY TRUCK
According to press dispatches, the Sumner car was crushed against a safety rail by a truck behind them driven by Theodore Stark, 32, of Stockton, when the Sumner car locked fenders with another driven by Mirhan G. Shahbazian, Oakland, who was slightly injured.

Mr. Sumner, a carpenter, had lived in Redwood City five years. He was well known here, and was a deacon and head usher of the First Baptist Church. Mr. Sumner was a native of Paducah, Ky. He

Petition Seeks To Protect Dogs Held in Pounds

Dog owners and animal lovers in San Mateo county have inaugurated a campaign to add the names of registered voters of Redwood City to the initiative petition being circulated throughout the state to obtain the enactment of a state law to prohibit the surrender of unclaimed dogs and unwanted cats to research laboratories.

In connection with this drive for signatures an exhibit is being shown at the Garden City Products Company, 935 Main street. This exhibit consists of copyrighted pictures of California dogs who have saved the lives of human beings at the risk of their own. Among them is the famous Bob of Carmel, who twice saved his master's life; Bonita, who saved her master and his son from being burned to death in an explosion of gasoline fumes; and Patsy, pride and mascot of San Francisco's fire boat. She is credited with saving the lives of six men drifting in a stalled boat at midnight in San Francisco Bay and plunging into the ocean and towing a child to the side of a tug and thereby saving it from drowning.

Sponsors of the State Humane Initiative Petition have blanks available for signing in Redwood City at the Garden City Products Company and the Gray-Thorning Lumber Co., 2 Redwood avenue.

and Mrs. Sumner had lived in San Francisco for 15 years before moving to this city.

Real Artists For Program

Tickets Now Ready
For Independents'
Show Oct. 28th

Appearing on the "Budda" Radio show to be sponsored by the Independent Merchants of Redwood City will be several artists who have moved far beyond the realm of "amateurs," according to W. D. Ryan, head of the merchants group sponsoring the affair to be held October 28 at the Sequoia high school auditorium.

John Collins, spectacular young bass-baritone whose voice has been acclaimed as having "perfect pitch," will prove surprisingly pleasing to a visual as well as a radio audience, it was stated by "Budda." Young, handsome and with brilliant red hair, Collins' fan mail has already assumed large proportions.

Besides Collins, on the program will be many acts of amateurs, including the two winners of the Redwood City audition, which is being staged this week. There will also be professional entertainment and other interesting features.

Manuel Frago, committee head, said today that the show was being given to win public support for Proposition No. 22 on the November 3 ballot.

Free tickets for the show may be obtained at any independent merchant store in Redwood City, San Carlos or Menlo Park and are now available.

LONDON CLUB FORMED
SOUTH SAN FRANCISCO, Oct. 21.—A new London-Knox-and-Baker headquarters was opened here today at 215 Linden street.

The land battle of Manila was fought on August 13, 1898.

LEAD IN RACE

Leaders in the race for one of Sequoia high school's most coveted graduation honors are Gum Chuck, left, and Bill Grant, right, at the top of the senior class in the number of service points to their credit. Miss Chuck has 89, while Grant has 111. At stake is the senior "Service Medal" given by Principal Clarence Argo and Vice Principal Donald Bogle to the graduate who has best served the high school.

S. F. Trio Charged With Book-Making

SAN BRUNO, Oct. 21.—Charged with pool selling and bookmaking at Tanforan, San Bruno racetrack, three San Franciscans were arrested late yesterday and later released on posting of \$250 bail apiece. They will appear later this week for arraignment before Justice of the Peace Gus Rizzo. The three men are John Fischer, Lawrence Fischer and Fred Weffe.

McKinley Boys Enjoy Week-End Outing at Ranch

An all-day hike, picnic and swimming in a real "old swimmin' hole" gave 26 McKinley elementary school boys an outing in the foothills at the end of Roosevelt avenue over the week-end.

In charge of the group was Andrew Spinas of the McKinley faculty. Host was Frank Garcia, owner of the 1000-acre ranch over which the youngsters had free run. He is father of two of the boys, Donald and Leo Garcia.

Other boys who made up the party were Dick Jeffery, Bill Rose, Kenneth Camp, Eugene Aragon, Bud Biegel, Robert Lauten, Jesse Nelson, Phil Cordrey, Bob Johnson, Jack Dalton, Charles Karney, Alan Schroeder, Edmund Braly, Claude Bergman, Jim Campbell, Art Bini, Tom Flynn, Winston Eshleman, Glenn Stewart, Bill Gingham, Manuel Ortega, Jack Burbank, George Schiel and Percy Jarvis.

Curriculum Debated By School Officials

Principal Clarence Argo, Night School Principal S. S. Mayo, Dean of Girls Camilla Low and Mrs. Eyla Woodridge, head of the English department of Sequoia Union High School, attended an inter-county meeting on curriculum Monday night in Gilroy. Dr. Grayson Kefauver and Dr. William Proctor of Stanford University presided at the meeting.

COAST BLAZE COST LIFE, BOARD HEARS

Negro Lost His Life
After Contracting
Lobar Pneumonia

That the Big Basin-Pescadero fire cost one human life was revealed Monday by Fire Warden B. L. Werder as he expressed appreciation before the board of supervisors for cooperation extended him by other county departments, the American Legion, the Red Cross, and other organizations and individuals.

The previously unsung hero of the disastrous blaze was Morris Hughes, 36-year-old Negro who had been a member of the Memorial Park WPA camp.

With fellow workers, Hughes volunteered to fight the fire. He contracted a cold from exposure, and it developed quickly into lobar pneumonia. Although he received attention of a physician, he died October 11 at camp.

DAMAGE SUIT MISTRIAL

Trial of the suit of 13-year-old Julia Boccaccio of Lawndale for \$10,000 damages against Charles Frahm as the result of an automobile accident last October 30 ended abruptly Tuesday when Superior Judge Maxwell McNutt called the hearing a mistrial because witnesses failed to appear. F. E. Hoffmann was representing Frahm; the law firm of Hallinan & Burns, the plaintiff.

Boellaard Tots' Estate Control Placed in Bank

One phase—that of the property of the Boellaard orphan litigation was settled on Monday by Superior Judge A. R. Cotton and the other—that of custody of the little girls—was set for hearing November 30.

Upon consent of all interested parties, the Wells Fargo Bank & Trust Company, San Francisco, was allowed letters of guardianship of the estate of little Olga and Elena Boellaard, whose parents were killed here in an auto-train crash July 16.

Estate which the girls will inherit includes some \$5000 or more in insurance, an equity in the Boellaard place on Spring street, and possible claims against the Southern Pacific.

\$100 Fine Paid Here For Slot Machine

Jack Gabrielle, cafe owner in whose place was found a slot machine by sheriff's deputies, paid a \$100 fine when he appeared before Justice of the Peace Edward I. McAuliffe Saturday.

"Skeets" Gallagher's hair turned white when he was 28, overnight. It was neither fright nor grief. It just happened.

WITT BALKS ON THANKING FIESTA BODY

Wants to Know First
If Deficit Exists;
Others Disagree

Supervisor Albert Witt Jr. of Daly City, who some months ago vigorously opposed appointment of the commission which administered this year's county products and floral fiesta, Monday fired a new double-barreled attack at the commission.

Opening the supervisors' meeting, Supervisor Witt secured unanimous passage of a motion that before any further fiesta claims be paid, a complete statement of finances of the show be put in the hands of each supervisor.

Supervisor Witt said the reason for his request was that it had been rumored the fiesta would suffer a financial deficit, perhaps of as much as \$5000, and that he didn't want to be put in the position of voting funds that were not available.

"The committee has no power under the ordinance creating the commission to incur bills if the money is not available, Witt declared.

Seeing no objection to the motion, Supervisor Walter High seconded it, and it met approval of all the supervisors.

With many officials from the head office and other branch banks present, the Redwood City branch of the American Trust Company was officially opened Monday in the Broadway and California street building that was formerly the home of the San Mateo County Bank.

Big baskets of chrysanthemums lent a gala atmosphere to the renovated building.

Officials announced that business was "very satisfactory" as a stream of persons, many of them well-wishers and others, there to open accounts, flowed to and from the building.

OFFICIALS LISTED

Officials present were Fred T. Elsey, president of the head office of the American Trust Company in San Francisco; J. K. Lockhead, executive vice president; Gerald D. Kennedy, vice president; E. V. Krick, vice president and cashier; William A. Marcus, vice president; W. H. Taplin, assistant vice president, and R. R. Emery, assistant vice president.

They assisted H. S. Chase, manager of the new branch, in receiving guests and inaugurating the branch.

TELLS OUTSIDE WORLD
Signaling the opening of its new office, the bank has mailed to its correspondent banks and corporate customers located throughout the nation, a handsome announcement, which reads in part as follows:

"Located 25 miles south of San Francisco on San Francisco Bay, Redwood City is not merely a long-established and flourishing suburban community, but important industrially, as well.

"Among its industries are one of the Pacific Coast's largest cement plants, which is unique in that it dredges most of its raw materials from a shell deposit in the bay. Here also are located the West's largest tannery for sole, harness and saddle leather, and the West's largest mushroom vaults.

FLOWER CENTER
"Redwood City is a nationally important center of commercial floriculture, with a cut flower output of \$7,500,000 annually. In October and November alone it ships nearly 600 express carloads of chrysanthemums to all parts of the nation.

"Provisions have been made for dredging a deep water channel and for the construction of facilities which will permit ocean-going steamers to dock at its wharves.

"The new Redwood City office is a logical addition to our system of strategically located offices, centering around San Francisco and extending to the most populous parts of Northern California. In improving our coverage of this territory, it will increase our ability to serve expeditiously our correspondent banks and corporate customers."

Coast Pioneer Dies

She was the widow of the late Candido J. Fernandes, Half Moon Bay farmer, and is survived by

many of her relatives, including her sons, Manuel and Frank Fernandes, and daughters, Mary B. and Carrie A. Fernandes. She was also the mother of Joseph Fernandes of Gilroy and of the late Conrad Fernandes of Half Moon Bay.

Funeral services for the coast-side pioneer will be tomorrow at 9:30 a.m. at the Dutra Funeral Home, Half Moon Bay, thence to Pillar Catholic Church, where requiem high mass will be celebrated.

MENLO PARK NEWS

Mr. Augustus Taylor Jr. was host at an informal dinner party on Saturday evening at his home in Menlo Park in honor of Miss Patricia Tobias and her fiancé, Mr. Sheldon G. Cooper. Later in the evening Mr. Taylor and his guests motored up to San Mateo to attend the "ad" party at the Gymkhana Club.

The Bank of America has applied to the city council for a permit to establish a branch in Menlo Park. No doubt the request will be granted and when a permit is received from the national commission, the bank will be ready for business. It is rumored that one of the stores in the Maloney building will be chosen to quarter the institution, which is known as the Bank of America, National Trust and Savings Association. When the American Trust Co. left here last week the merchants in town immediately communicated with the headquarters of the bank in San Francisco.

Fred Lyons underwent an operation in a San Francisco hospital last week. His wife, Elizabeth Lyons, secretary of the Bear Gulch Water Company, has been at his bedside for some days. Lorenzo Aghem, a native of Italy, aged 57, died of a heart attack last Friday at the estate of Joseph A. Donohue. He was employed as a gardener there for some years. The funeral from the Church of the Nativity on Monday was largely attended by sorrowing relatives and friends. Burial was in Holy Cross Cemetery. The deceased is survived by his three children and his widow.

A card party will be sponsored in the school auditorium by Menlo Parlor N.S.G.W. Thursday evening, October 29. Mr. W. H. Weeden is in charge of the affair.

This evening in the school auditorium the Menlo Park American Legion Auxiliary will dedicate the colors which will be presented to the unit by George Condos in memory of his late wife, who was an active member of the auxiliary during her life time. The gavel bell will also be dedicated. It is the gift of Mrs. Frances Cashman, a former member of the organization, but now living at Fort Bragg. The Daily City junior drill team will install at this meeting the Menlo Park juniors. Mrs. Elizabeth Lyons was to have acted as chairman, but on account of the illness of her husband, Mrs. Devol will act for her. Refreshments are to be served after the ceremony. The occasion is to be one of the big events of the auxiliary for the year.

Many from Menlo Park attended the eloquent address of Dudley Field Malone in San Francisco. The ex-Democrat is one of the ablest orators in the country. He excoriated the New Deal on its extravagance.

Wednesday evening the grammar school auditorium was packed with an enthusiastic gathering of Republicans and Jeffersonian Democrats. Senator Samuel M. Shortridge presided at the meeting, delivering a splendid address denouncing the fallacies of the administration and the president's advisors in the White House. He was followed by Lloyd Barendsen, a Stanford man and president of the Day Light American Legion Post, San Francisco. He proved to be an eloquent speaker. The relief problem was his subject, and he handled it without gloves, not sparing the wrong doings of the administration. Mr. Alonzo L. Baker arrived in the hall at 9 o'clock from Woodside where he had delivered an address. His appearance was the signal for loud applause and cheering. He delivered a fiery oration, launching into the short-comings of the president and his opponent, Congressman McGrath. Prolonged applause followed his stinging address. The musical program was in the charge of Mrs. Elizabeth Lindquist, who sang "Oh, Suzannah" and other Landon songs to that popular tune. The reading of Mrs. Daniel Sullivan was well received. The meeting was sponsored by W. H. Weeden and D. E. O'Keefe, members of the Republican county committee.

Planning to spend the winter months in California, Mr. and Mrs. P. McDonald of Nevada City, Nev., have taken an apartment in Menlo Park.

Mr. and Mrs. Hubert H. Bearce celebrated their silver wedding anniversary Sunday afternoon at their Menlo Park home. Many friends called with gifts and messages of congratulation. Two silver pieces were presented by the Ladies' Auxiliary of the Menlo Park Presbyterian Church in appreciation of Mrs. Bearce's long leadership.

Hawkins Winner In Automobile Sales Contest

Jack Hawkins, sales manager for Jean H. Bambeur, Redwood City Dodge and Plymouth dealer, was honored this week as being the outstanding Dodge car salesman in Northern California.

Hawkins sold 43 new cars and 15 used cars to win the honors in an "Election Sweepstakes Contest" which has been going on for the past three months.

As a reward he will receive a trip to Los Angeles with all expenses paid, attend the U.S.C.-California football game, visit the Metro-Goldwyn-Mayer studios and be a guest at the Biltmore Hotel.

IT'S A NEW TAX ON YOUR FOOD

..and other necessities

They call Proposition #22 a "Retail Store License" to hide the fact that you will pay it

IT IS CLEVERLY NAMED to look like something else. But no one denies that its main purpose is to raise retail prices—to increase the cost of living for Californians who can least afford it!

When read carefully, Proposition #22 sounds innocent enough. It taxes an individual store \$1.00 a year for the right to do business. But it taxes chain stores \$500.00 for each store over nine.

But, says the U. S. Federal Trade Commission:

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

For chain stores operate on a small profit. They eliminate middlemen's profits and unnecessary in-between expense. The savings they make by operating efficiently are passed on to

you in prices 10% below the average. The Harvard (University) School of Business Research states these to be the facts.

The tax is greater than the profit of four out of five chain stores. Thus some of them will be forced to close—allowing their competitors to raise prices.

Surviving chains will be forced to raise their prices to pay the "license."

In either case—you will foot the bill.

Admittedly not for revenue purposes, the tax is a cleverly masked attempt to subsidize the middleman and wasteful business methods—at your expense.

If you think that chain store competition helps to keep all prices reasonable—if you believe that taxes are high enough already, particularly on foods—vote NO and keep prices low.

For no matter what they call it...no matter how they try to conceal it...22 is a tax on you—VOTE NO!

22 IS A TAX ON YOU—VOTE NO!

CALIFORNIA CONSUMERS CONFERENCE

Sequoia Girl To Head Meet

Journalists Planning Unique Program At Stanford

Dorothy Mulcady, Sequoia high school commissioner of publications, will preside over the Central California Scholastic Press Association convention to be held at Stanford University Saturday.

She will hold the post as recognition of Sequoia's presidency of the association this year. Accompanying her to the convention, which is an annual event, will be two members of her Sequoia Times staff, Arthur Olsen, commissioner of publicity, and Dorothy Huntley, advertising manager.

The convention program includes sectional meetings on various aspects of newspaper, magazine and yearbook production, talks by various members of the Stanford Journalism faculty and by Margery Bailey, professor of the English department.

Professor Bailey will speak on "Encouragement of Creative Writing in 1936," at the opening session at 9:15 o'clock in the Little Theater. Another feature of the convention will be a news story contest staged by Sigma Delta Chi Society. A story will be dramatized before the high school journalists, and contestants will compete in writing the best story of what they have witnessed.

At the annual banquet at 5:45 o'clock in the dining room of the Stanford Union, the Stanford English Club will present a series of readings. Exhibits of various publications will be shown the young journalists.

Louise Watkins, Sequoia journalism instructor, will accompany the student trio to the convention and attend the meetings to be held simultaneously by teachers of journalism.

Paint Firm Executive Buys Blyth Mansion

Sale of the 15-bedroom colonial mansion on the 2½-acre site at 124 Stonehedge, Hillsborough, by Charles R. Blyth, San Francisco broker, and his wife, Katherine, to Mr. and Mrs. Paul W. Wood, who have been living in Hillsborough on Irwin drive, was announced today by Martin & Co., Burlingame real estate brokers, coincident with filing of the deed with Recorder T. C. Rice. While consideration was not revealed, the deed bore federal stamps indicating that a \$63,000 cash transaction was involved. Wood is associated with the W. P. Fuller Company. The Blyths several months ago purchased the J. D. Grant place, Forest View, Hillsborough, federal revenue stamps at the time showing a transaction of \$247,000. The California Pacific Title & Trust Company handled papers in the Blyth-Wood transaction.

CAMINO REAL BLUEPRINTS PUT ON FILE

Plans for Widening Of Highway Shown To City Manager

Another advance in the plans to make El Camino Real a four-lane highway from Beresford to Broadway in Redwood City was marked today with receipt by Acting City Manager C. L. Dimmitt of blueprint drawings of the work which is expected to be begun within the next few months.

The blue-prints showed a 76-foot stretch of pavement with 12-foot curbs for the stretch between the northern city limits and Broadway. Widening will be carried out only on the west side since the east side has already been broadened.

Dimmitt said that the problem created by the location of the local Catholic church so near the final limit of the widening had not as yet been solved. He had not heard from the highway commission whether it had made agreements with the heads of the local church to move it further back on the lot, nor what plans were for the structure, which apparently must lose part of its vestibule if the building remains on its present site.

Dimmitt said that all through traffic probably will be diverted to the Bayshore highway during the widening work. Provisions for local traffic will be made, however, he said.

Bids for the widening will be received November 4, with work expected to start some 30 days after acceptance of bids.

The blue-prints were submitted to Dimmitt for the city's files by C. H. Purcell, state highway engineer.

Convenient Locations
Honest Merchandise
Lowest Prices...

Would YOU Wish to CHANGE IT?

In the last 11 years, thousands of California's smartest home managers have learned to depend on conveniently located, well-stocked Purity Stores for the finest foods at lowest prices.

Indeed, there are now 120 Purity Stores in California. From an extremely modest beginning, Purity Stores have grown—from one little San Francisco outlet—to a great California enterprise of 120 modern stores and 600 employees.

The reason is not hard to find—honest merchandise, honest prices. That's the answer! Purity Stores have been able to cut costs to the bone. By dealing direct with manufacturers and producers they have been able to eliminate needless profits to middlemen, jobbers and wholesalers. These savings have been passed on to Purity customers, savings totalling millions of dollars in the aggregate in the last decade.

Now the middlemen, wholesalers and jobbers, still trying to chisel in on Purity's narrow margin of profit, have invented what they call a Retail Store License. This sounds innocent enough—but there's a joker in it. It really is a new tax, a tax aimed directly at California chain stores. If it goes through, it will raise prices all along the line—prices of necessities, of food, clothing, shoes, lumber—even medicine. Further, it will cause many convenient neighborhood stores to close their doors, thereby endangering the jobs and pay envelopes of men and women all over California.

You don't want this unfair tax to go through, and you can do something about it. On Nov. 3rd, when you go to the polls, remember—

22 IS A TAX ON YOU!

Councilman Freed On Handbill Charge

SAN BRUNO, Oct. 21.—Because a 15-year-old paper boy stood on his constitutional rights and refused to testify in city court on the grounds that his testimony might prove self-incriminatory, Councilman William Maurer today was free of charges of illegal distribution of handbills.

Justice Hugh Mullin granted a dismissal when the boy, Andrew Shannon, refused to testify. He was the chief prosecution witness, and had signed a statement which, if substantiated in court, would have provided the chief evidence in the city's case against Maurer, publisher of the paper, "Who's Who."

Moffett Field Water Too Salty for Use

Increasing salt water contamination of the army post's two 800-foot wells is now forcing Moffett Field tank trucks to drive 13 miles round trip daily to Palo Alto to bring drinking water to the 300 officers, men and their families at the air station.

Even the lawns and shrubbery

are withering from the blackish supply of water.

Maj. Clarence Lober said that the field must soon hook up with either the Hetch Hetchy pipeline or the San Jose Water Works system.

The problem was discussed at the council meeting here Monday, and urgency of forming the county-wide water district was stressed by Mayor Paul McCarthy.

"Now, Children--

What Makes This Town So Famous?

—Yes, it's Millbrae Dairy—established nearly 75 years ago at the request of Californians who demanded clean, pure milk handled under sanitary conditions.

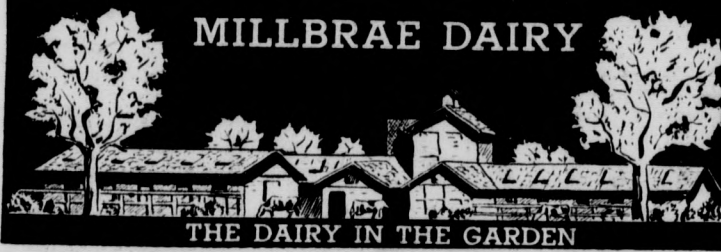

Milk from Millbrae Dairy wins the favor of discriminating people today because of its wholesome, "farm-fresh" taste—it is not shipped from distant points, but comes to you only a few hours after milking—direct from Millbrae's world-famous herds.

"Try Millbrae Milk yourself—or tasty Millbrae Butter, Cottage Cheese or Ice Cream—Millbrae Dairy is locally owned and operated by 125 regular employees who live and spend their salaries (more than \$100,000 annually) on the Peninsula. The Dairy distributes Millbrae Milk and Cream exclusively to Peninsula residents."

City Ruling Delays S. M. Street Project

SAN MATEO, Oct. 21.—Holding to its rule which requires proposed ordinances to be presented to City Manager Ernest Wilsey the Thursday before they are to be proposed to the city council, the councilmen this week forced a two-week delay in a \$50,000 street project.

City Attorney Ernest Wilson cast is "non-Aryan."

told the trustees that he had been too busy with city trails and other matters to draw up the proposed ordinance, but the council ignored Wilsey's request to avoid the rule. The project delayed contemplated widening and surfacing of Second, Third and Ellsworth avenues, with the WPA contributing 45 per cent of the funds.
